FLIGHT SIMULATOR LAB

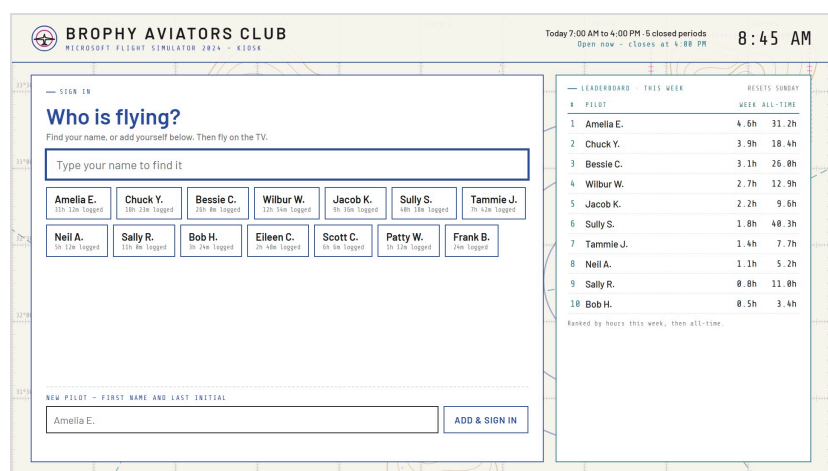

HOW TO FLY THE SIM.

— ON THE MONITOR

1 Sign in

Tap your name. First time? Type first name + last initial under New pilot and press

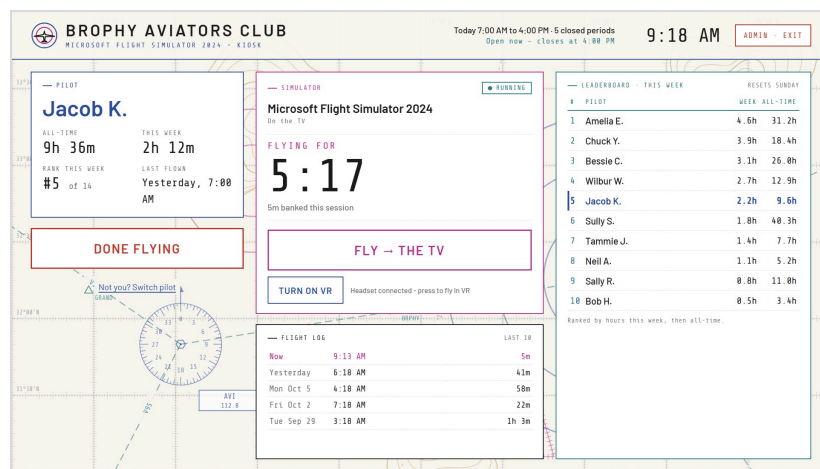

Add & sign in

— ON THE TV

2 Fly

Press **FLY → THE TV** and take the yoke. The sim un-pauses and your time counts.

— OPTIONAL

3 Want VR?

Switch the headset on, press **TURN ON VR**, put it on and sit still for the 10-second countdown.

— FINISHED

4 Done flying

Back at the monitor, press **DONE FLYING**. Time saved, flight logged, sim paused for the next pilot.

— GOOD TO KNOW

- Time paused (idle) — no yoke, key or mouse for 30 s. Move anything to carry on.
- The board ranks hours this week and resets Sunday at midnight.
- Signed out after 3 idle minutes, time saved first.
- Lab hours follow the school day; it shuts while a class is in the room.
